

Zuma wireless charger

Wireless Fast Charger

The Zuma charger offers wireless charging with ease. The Zuma's built-in magnet securely attaches to your iPhone 12 or iPhone 12 Pro, delivering easy wireless charging (from mains).

The concealed, folding stand enables you to watch movies or hold your phone at the perfect angle for browsing whilst charging. The compact, folding design makes the Zuma an ideal travel accessory.

The Zuma when laid flat is compatible for wireless charging with any Qi enabled device (iPhone 8 or above, AirPods). Simply place your device on top of the charging pad to charge.

Built-in overheating and short circuit protection to keep your device safe at all times.
